Professional Summary

MERN Stack Developer with hands-on experience building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in developing RESTful APIs, implementing JWT authentication, and building responsive, user-focused web applications.

Education

N.S.N College of Engineering and Technology

Bachelor of Engineering in Electronics and Communication Engineering, CGPA: 8.0/10

2021 – 2025

Karur, Tamil Nadu

Govt Girls Hr. Sec. School

HSC (State Board) – 83%

2020 – 2021

Karur, Tamil Nadu

Govt Girls Hr. Sec. School

SSLC (State Board) – 74.80%

2018 – 2019

Karur, Tamil Nadu

Technical Skills

Languages: JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js

Database: MongoDB, Mongoose

APIs & Authentication: RESTful APIs, JWT Authentication, AI API Integration

Tools: Git, GitHub, Postman, VS Code

Core Skills: MERN Stack, CRUD Operations, MVC Architecture, Socket.IO

Projects

AI Integrated Interview Preparation Platform | *React.js, Node.js, Express.js, MongoDB, JWT, Socket.IO*

- Developed an AI-powered interview preparation platform using the MERN stack.
- Integrated AI for interview question generation and personalized feedback.
- Built secure JWT authentication, RESTful APIs, and real-time communication with Socket.IO.
- Designed a responsive React-based user interface. [\[GitHub\]](#) [\[Live Demo\]](#)

MERN Real-Time Chat Application | *MongoDB, Express.js, React.js, Node.js, Socket.IO, JWT*

- Built a real-time chat application using the MERN stack and Socket.IO.
- Implemented JWT authentication and secure user sessions.
- Developed RESTful APIs for user and chat management.
- Created a responsive UI using reusable React components. [\[GitHub\]](#) [\[Live Demo\]](#)

Mini CRM Application | *MongoDB, Express.js, React.js, Node.js, JWT*

- Developed a CRM application with lead management CRUD operations.
- Implemented JWT authentication, search, filtering, and pagination.
- Built RESTful APIs following MVC architecture.

Weather Information App | *React.js, OpenWeather API*

- Integrated the OpenWeather REST API to fetch and display real-time weather data.
- Built city-based search functionality showing humidity, wind speed, and weather conditions.

Certifications

- React Web Developer Certification – Kalvi Infosys Springboard (2026)
- React Associate Developer Certification – Kalvi Infosys Springboard (2026)
- Web Development – Naan Mudhalvan Vetri Nichayam Scheme (2026)

Achievements

- First Prize – Hand Glove Controlled Wheelchair Project Presentation
- Participant – Smart India Hackathon
- Non-Academic Performer Award
